(3) Arwar.

Kachhola (1) Kachhola.

(2) Ulela.

(3) Redwas.

Each Tehsil is under the charge of a Tehsildar who in Parganah Phulia is directly subordinate to the Mantri Mal (Revenue Minister) and in Parganah Kachhola to the Kamdar of Kachhola who acts under the directions of the Mantri Mal.

Personnel:—Chaudhri Mansa Ram a retired Tehsildar of Ajmer commission remained in charge of the Revenue Department for the 1st-half of the year and on his services having been lent to Bandanwara, Thakur Ramanand Singh discharged the duties of Mantri Mal during the second half of the year.

Assessments:—The system of variable assessment introduced in the State some years ago is in force.

Area Under Cultivation:—The total area cultivated during the year was 76465 bighas as against 70628 bighas in the last year.

Yield of Crops:—The monsoon started earlier this year as last year but the rains were scanty and on the whole the season was not as good as last year. The maize crop sown with the commencement of the monsoon kept up fairly well and yielded satisfactory out turn. The rains were not generally sufficient for crops sown late as well as for grass.

Due to failure of monsoon during the later part of the season Til as well as Urad and Moong crops proved to be an utter failure.

The prices of food grains were normal.

The Rajadhiraj saheb who has always taken keen interest in the welfare of his subjects, particularly agriculturists, has mitigated the sufferings of the cultivators to a great extent (they suffered by depression in trade and bad harvest) by continuing the following remissions in the rents as in previous years.

1. Chahi rate..... /6/- per rupee.
2. Talabi..... -/4/- per rupee.
3. Dry..... /3/- per rupee.

Alienation of land:—Jagirs yielding an annual income of Rs. 600/- and Rs. 500/- have been granted to Kr. Manohar Singhji and Th. Vikram Deoji respectively out of Khalsa lands.

Saker deputed by the Government of India as a special boundary settlement officer in March last year and the pillars were erected on the line surveyed by the Government surveyor at that time. The Shahpura representative had, however, his doubts about the accuracy of the line, which doubts he had expressed before the Special Boundary Settlement Officer. Steps are being taken to remove the inaccuracy.

The Special Boundary Settlement Officer has also written his decision about the position of the pillars to be erected on Ratanpura (Shahpura) and Alamoo (Kishangarh) boundary line according to the amicable settlement arrived at in 1926 and the pillars will shortly be erected accordingly. The Alamoo (Kishangarh) people have started encroachment on the Chandma village (Shahpura) boundary and have removed some of the boundary pillars, during the year.

The following charts were purchased this year:—

Vitamin charts A. & B. Pictorial Maps of North America and Australia.

Laboratory:—The Science Laboratory is adequately furnished with working benches and demonstration tables. There is a separate lecture room and the apparatus is quite sufficient for the needs of a High School. A Barometer was purchased this year.

Library and Reading Room:—The Library is classified under different sections. The teachers section consists of reference books and works on Education and General Literature, while the students' library is located in various classes and supervised by the class teachers, assisted by the members of the Class Committee. An attempt is being made to develop a children's corner where children and III and IV classes may look at pictures and models and read easy and interesting books.

The General reading room, meant mainly for students and supervised by them, is located in the main hall; the following papers and Magazines are provided:—

The Vishal Bharat, the Children's News, the Black, the Balsakha, the New Method Magazine (by M. West) and the Shishu.

The Teachers' Room is supplied with the following periodicals:—

The Hindustan Times, the Punjab Journal of Education and the Teaching. To give an aesthetic and picturesque turn to the mind and methods of the teacher and the taught, attempts are made to provide magazines containing decent and useful pictures. The pictorial Education, London, and the illustrated weekly, Bombay, the latter so graciously lent week by week by Shriman Maharajkumar saheb are proving very popular.

The School Sabha:—This body of students as outlined last year, has been performing useful work in assisting the members of the staff in supervising games, the library and the reading room, and by running the School Book Depot, Vasu Deo X and Mor Muket Singh VIII are the President and the Secretary respectively this Session.

The Literary Union.—This meets on Tuesdays and students are encouraged to speak on topics of common interest. Lectures are arranged from local and outside speakers whenever possible. Allied to the Literary Union, a *Parwa Samiti* was instituted this year. The function of this body is to celebrate Parwas i.e. festivals, so that students may grasp the importance of these and aspire to lead good and noble lives. Holi, Tulsi Jayanti and Janma Ashthami were among the festivals celebrated.

Games and Sports.—The usual School games, Hockey, Football and Volley ball are played here too. Cricket is practised on holidays and week end days. Tennis Court (Ring Tennis) has been introduced this year. Lathi, Drill and other lighter games form part of the physical Education programme too. League Matches and sports were held on the occasion of the prize Distribution.

Scouting.—There are two troops of Scouts run by the Shahpura Boy Scouts Association. The total number of Scouts is 40. Lt. Kanwar Daulat Singhji B. Ag. F. R. H. S. (London) is the Scout Commissioner and Messrs. Gyan Chandra and Karim Bux are the Scout Masters-in-charge. The Scouts render useful service in local fairs and on State occasion. They helped a lot during the marriage of Shrimati Baiji saheba in June last and were awarded Rs. 100/- by the State.

Prize Distribution:—This much coveted function was held in May 1938 under the presidentship of Shriman Rajadhiraj saheb. The Head Master read the report of the Institution and was replied to by Shriman Maharaj Kumar saheb who was pleased to remark that the institution was working on sound lines. The Rajadhiraj saheb then gave away the prizes to the prize winners in sports and for proficient work in studies.

Periodical Inspection.—The Institution was visited by Mr. W. Owens. B. A, M. B. E. Director of Education, Jaipur State and Lala Daya Krishna M. A, LL. B, Director of Education, Kotah State, and principal

Herbert Intermediate College, Kotah in December last. They inspected the work and activities of the School and left with a fairly good impression.

Results:—The Total number of students on the School roll is 165. Nine students were sent up for the High School Examination 1938 and eight came out successful.

Vernacular Middle School.

The Highest Examination for which the boys are prepared in the Vernacular Middle School is the Vernacular Final Examination of the United Provinces.

During the year under report 14 boys were sent up for the above examination at Ajmer and 13 boys passed; 3 in the Second Division and 10 in the Third Division. The three boys who secured second Division were Ratan Lal, Fateh Lal and Shaukat Ali with distinction in mathematics. The result of our school stands second in the whole of Rajputana and Ajmer-Merwara. The results of other classes were also quite satisfactory.

Primary Education is imparted in the City Branch School.

Important subjects such as method of teaching, home work, punishment etc. are discussed thoroughly in Teachers' Meetings and suggestions are received and given for the benefit of the boys as well as teachers. Model lessons are often given in the classes by the Headmaster.

There is a small School Library. We are making the best of what we have. Books are issued once a week. From the issue book it can be seen at a glance how many and what kind of books a student has read in the year.

The Educational Gazette (Hindi Edition) the Arjun, the Bhugol, the Shiksha Sudha, Bal Sakha and the Bharat are subscribed for the reading room.

The meetings of the debating Club are held every week on Tuesday. Students are selected in such a way that every student has to speak on some important subject, recite poems or tell stories. Efforts are always made to make the meetings as interesting as possible. The Headmaster as well as other teachers also address the boys on interesting topics.

Religious instruction is also imparted here regularly. Boys with the School staff take part in weekly Havan performed in the Darbar High School on every Thursday.

There is also a Girls' School at the Capital having on its roll 143 girls.

The Education in all the schools is free.

Games of late have been reorganised on the model of "All play movement". The programme is chalked out in such a manner that every student plays daily at least for 40 minutes. Games include, Football, Volley ball, Tug-of-war, Lathi, Kabaddi and other lighter games. All classes have regular drill under the supervision of teachers. The daily drill removes the effect of prolonged sitting during school hours.

There are 11 Primary Schools in the District namely Dhikola, Kannechan-Kalan, Kadisehna, Bachkhara, Arur, Phulia Kalan, Dohria, Rehr, Kothian, Taswaria and Amli Kalan. One private aided school exists at Dhanop and is maintained by Shriman Maharaj Sahib. The number of boys on roll is 18 and the daily average attendance is 12.36.

In order to encourage the learning of the Sanskrit and Karam-Kand and Sanskars (Vedic and Puranic) and Dharam Shastras, the Gautam Karma Kand Pathshala has been established. During the year under report 11 boys were examined and all boys got through. The cash prizes were distributed on the occasion of Raksha Bandhan to the successful candidates. With the boys of the above Pathshala other gentlemen of the Brahman community were also examined in Sanhitas and Sanskars and cash prizes were also given to them. The result of this encouragement is that the tendency of learning vedas is increasing day by day among the Brahmans.

BOARDING HOUSES.

Three Boarding Houses are being maintained by the State, namely (1) The Karamsot Boarding House (2) The Sudarshan Boarding House and (3) The Brahma Boarding House.

The Karamsot Boarding House named after the illustrious mother of the late Raja Dhiraj, Saheb has on its roll 7 boarders and the Sudarshan Boarding House named after Rajkumar Sudarshan Devji maintained 10 boarders.

The Brahma Boarding House has 13 boarders on its roll. The boys are prepared in this Boarding House for Sanskrit Prathama, Madhyama and Shastri Examinations of the Queen's Sanskrit College, Benares. During the year under report one boy was sent up for Shastri 2nd Khand Examination and passed in 2nd division. One boy appeared in Madhyama Tritiya Khand Examination and passed in 2nd Division. One boy sent for Madhyama 1st Khand Examination, and passed in 2nd Division.

THE LAWRENCE STATE LIBRARY.

The Library has a good Collection of books, reports and other Publications of interest in various languages.
